

Laser Tape Measuring System

These laser distance measurers make steel tapes over 15 ft. obsolete – just aim, press a button, and you've got your measurement!

- Measures length, width, and height from any reference point, and calculates area

and volume

- Allows measuring by one person
- Great for hard-to-reach areas
- Includes pouch, battery, hand loop, manual

DISTO A2

Well-suited for indoor tasks.

- Simple to operate: shortcut keys for addition, subtraction, area, and volume calculation
 - Stakes out distances with continuous tracking
- 1-16586

DISTO A5

Indoor and outdoor; longest range.

All of the Disto A3 functions, plus:

- 2X viewer helps find laser dot at a distance
 - Indirect height or length measurements: facades or other inaccessible locations can be remotely measured using Pythagoras function
 - Also: timer and tripod thread
- 1-16578

DISTO A3

Indoor and outdoor applications.

All of the Disto A2 functions, plus:

- Measures minimum and maximum distances (eg: measuring a room diagonal)
 - Also: memory and integrated spirit level
